

**MOORE COUNTY TAX DEPARTMENT
DELINQUENT COLLECTIONS SECTION**

All property owners are provided a billing statement indicating the property being billed, along with a value of the property and the tax amount due as well as the due date for the bill. For real property, the due date is September 1 of each year; however, a discount is provided to property owners who pay the bill prior to August 31. Real property tax bills are considered past due if not paid by January 5th, and after that date penalties are added for each month the bill remains unpaid along with any cost involved in collecting the taxes.

To see the billing schedule for the various types of taxable property, click [HERE](#) .

Taxpayers may contact the [Moore County Tax Department](#) to establish [payment agreements](#) for real and personal property taxes at anytime prior to January 31.
